

TONOPAH COMPANY TO HARNESS COLORADO RIVER

Will Supply Territory Between Ely, Nevada, and Kingman, Ariz.

Pankhurst Arrested by English Before Docking of Steamship

By Associated Press.  
PLYMOUTH, Dec. 4.—Contrary to expectations, Emmeline Pankhurst was arrested quietly aboard the steamer Majestic yesterday. She was transferred to a police tug, landed without incident and taken by automobile in the direction of London. Militants assembled at the dock after a parade, but were disappointed. London militants had arranged a great welcome demonstration. Ven-geance is sworn.

ZERO WEATHER STOPS OPERATIONS OF RAILROAD VALLEY COMPANY UNTIL FIRST OF NEXT APRIL

Cold weather has chilled the blood of the men working for the develop-ment of power in Railroad valley, but it has not cooled their ardor or enthusiasm. The intense cold com-pelled them to pull their drills and wait for more favorable weather, but the results are deemed more conclu-sive than ever that the stockholders will be well rewarded in the future. Work will be resumed April 1, 1914.

COASTING MADE HEINOUS CRIME BY A WOMAN

LIST OF SINFUL DOINGS EN-LARGED TO THE DETRIMENT OF CHILDREN.  
Coasting on Brougher avenue has been classed with the forbidden things of life. The presence of snow in Tonopah is such a luxury that the young folks should be allowed to en-joy the treat without interference, but this is not to be, if the whims of a woman are to serve as a cri-terion of what is right or wrong. Last night a woman styling herself an officer appeared on the hill and warned the children that they had to run off home and go to bed. She took the ages of the boys and girls indulging in the harmless pastime in front of their own homes and gave each one the hour at which they had to beat it off the street. The 16-year-olds had to go home at 7:30; the 17-year-olds were allowed half an hour more, and those who looked as though they were 18 were per-mitted to stay out until 9 p. m.

MINERS HONOR DEAD MAN AT ELECTION

CANDIDATE FOR OFFICE PASSES AWAY JUST BEFORE THE VOTES ARE CAST.  
Jesse Younker, who died at the Mine Operators' hospital, was a can-didate for vice president of the Min-ers' union, and when the election was held Tuesday evening and the remains reposed at the undertaking chapel of Wonnacott & Cavanagh 34 miners voted for the deceased, not knowing he was past earthly honors. Under the auspices of the Frater-nal Order of Eagles funeral services will be conducted this evening and the body will be shipped tomorrow morning to Topeka, Kan. The serv-ices will be attended by the Miners' union and the Loyal Order of Moose, of which the deceased was a mem-ber.

OLD FURNITURE HOUSE FAILS.  
NEW YORK, Dec. 3.—Receivers were appointed today for Shepard, Knapp & Co., one of the oldest fur-niture and carpet houses in the city. The assets were placed at more than \$200,000.

Exodus of Foreigners Into Texas From the Oil Fields of Tampico

By Associated Press.  
MEXICO CITY, Dec. 4.—Dispatches confirm the story that re-b-els have captured Victoria. Monterey and Tampico are threat-ened. Foreigners and hundreds of Mexican refugees have fled to Texas. The oil strike at Tampico is unsettled. Durango is quiet. Federal Colonel Barbosa, supposedly executed at Torreon, has arrived here. He was shot in the chest, fell, lay still and waited until opportunity afforded chance for escape. He reported eighteen other officers were executed.

FREDERICK B. WEIR FOUND GUILTY OF EMBEZZLEMENT AFTER JURY HAD BEEN OUT ALMOST 23 HOURS

"Guilty of embezzlement," was the verdict of the jury this morning in the case of Frederick B. Weir, former broker, whose failure last sum-mer led to the filing of charges against him for the conversion of col-lateral entrusted to him as security for loans. The jury retired last night at 10:05 o'clock and did not return until 11:20 this morning, when Foreman L. P. Stevens of Manhattan handed in the verdict as stated above, with a rec-ommendation "to the extreme mercy of the court."

FOUR CHILDREN DEPRIVED OF A FATHER'S CARE

SECOND EMPLOYEE OF THE BEL-MONT MINE SUCCEUMS AT THE HOSPITAL.  
William Blumstrom, formerly em-ployed at the Belmont, died at the Mine Operators' hospital this morn-ing, after an attack of pneumonia fol-lowing an accident in the mine that crushed one side. On this account an inquest will be held to decide the actual cause of death. Blumstrom and his wife have had a variegated career in Tonopah, and the police have frequently been called to interfere for the protection of the four children. Finally, after Blumstrom straightened up his trou-bles and found steady employment at the Belmont, it was decided to send the children to the State Orphan asy-lum at Carson City, as the court did not deem the mother a fit guardian for the offspring. Blumstrom has been paying the county \$24 a month for the care of his children, and it is probable that the family will become state charges. The Blumstroms came to Tonopah from Goldfield, and pre-vious to that had been living in Utah.

TEXAS FLOODS COST TWENTY-TWO LIVES UP TO DATE

OVER A MILLION DOLLARS DAM-AGE AND FLOODS ARE SPREADING.  
(By Associated Press.)  
DALLAS, Dec. 4.—Rainfall has con-tributed with increasing seriousness to the flood situation, which already has cost 22 lives and \$1,000,000 damages. Thousands are homeless in north and central Texas. In San Antonio the streets are flooded dangerously. Fam-ilies are marooned.  
(By Associated Press.)  
PITTSBURGH, Dec. 4.—Department of justice agents are investigating the high price of eggs.  
KANSAS CITY, Dec. 4.—A boycott on eggs was placed virtually in every home, in an attempt to lower prices.  
TEMPERATURE REPORT.  
Highest temperature yesterday, 24 degrees; a year ago, 46.  
Lowest temperature last night, 17 degrees; a year ago, 17.

CALLS FOR OUTLAY OF \$1,900,000 TO UTILIZE GREAT POWER SITE

WASHINGTON, Dec. 4.—On the recommendation of Secretary Lane, President Wilson has issued an order creating a power site reserve in Boulder canyon on the Colorado river, about 20 miles east of Las Vegas, Nev. This reserve is created in order to permit applicants before the department to complete their formal application for a right to develop waterpower under the waterpower laws. The development proposed in-cludes a dam at the mouth of the canyon that will raise the water level about 125 feet and create slack water for a distance of nearly twenty miles up stream. Such a construction will develop sufficient head for the pro-duction of about 40,000 horsepower with the minimum flow of the stream, which in this locality is about 5000 second feet. The land involved in the reserve is practically all unsurveyed, and is in a rock canyon where it can have little use for any other purpose than power development. It appears prob-able that the necessary construction can be accomplished in such a man-ner as to provide very cheap power. This is the first official informa-tion that a Tonopah company has been granted rights that are said to be appraised at millions of dollars. Under the conservation policy of the interior department power sites are held in reserve and only companies with the best of records and promot-ers with undoubted financial backing to carry out their projected plans are given a hearing. In the case of Boulder canyon the rights were located four years ago by Henry Schmidt and Clement Mayes of Tonopah, who were down in the southeastern part of the state looking up desert lands. The site is said to be without a peer and the location is such that it can be relied on to furnish an unfailing supply of energy for an indefinite period, as the watershed takes in the entire mountain country of Western Utah and Colorado, where the snowfall al-ways insures a large run-off. Boulder canyon is the site of the former steamship landing, where freight was brought to Salt Lake and Nevada points in the '50s and the power project will revive what is probably the oldest town in the state. Clement H. Mayes is now in Wash-ington, D. C., in connection with the enterprise, and Henry Schmidt, of the Tonopah Hardware company, re-ceived a letter today confirming the reported grant. According to the preliminary in-vestigation, it will require an expendi-ture of \$1,900,000 to carry out the plans of the company to deliver elec-tric power at Ely, Searchlight, Las Vegas and Eldorado Canyon, Nev., and Kingman and Chloride, Ariz. The distance to Ely is 240 miles. This is the greatest length of transmission line on the system. Kingman is only 40 miles away, in an air line, and that camp will be materially bene-fitted, as the cost of power has al-ways been a stumbling block to in-vestments and development of local mines.

NORTHERN MEXICO SECEDES

(By Associated Press.)  
JUAREZ, Dec. 4.—Fighting in northern Mexico has virtually con-cluded. The constitutionalists pos-sess all border points excepting Nuevo Laredo and Piedras Negras, also the far interior strongholds. The federals, unpaid and decoralized, are fleeing and surrendering everywhere. General Villa has asked Carranza for a conference in Chihuahua for the purpose of establishing a systematic government, operating the customs and establishing a satisfactory cur-rency system and postal service. With a civil government detached from Mexico City influences planned, the constitutionalists are going to push their campaigns further south-ward.

WOMEN AGAINST SUFFRAGE CALL ON COMMITTEE

TELL CONGRESSMEN THAT THE WORKINGWOMEN DO NOT WANT THE BALLOT.  
(By Associated Press.)  
WASHINGTON, Dec. 4.—Represent-atives of the National Association Opposed to Woman Suffrage told the house rules committee why a com-mittee on woman suffrage should not be created. They said workingwo-men are violently opposed to suf-frage. A delegation marched in mili-tary uniform imitating yesterday's procession. They argued against the main features of the suffrage plan. Mrs. Arthur Dodge of New York led the delegation. Meanwhile the suffrage convention discussed the budget and new con-stitution and the expediency of send-ing a committee to urge President Wilson to support the movement for immediate consideration of a suf-frage amendment by congress.

DEMOCRATIC CAUCUS ATTACKED BY SENATOR

(By Associated Press.)  
WASHINGTON, Dec. 4.—Senator Cummins attacked the democratic caucus action on the currency bill. This, said he, precluded debate or deliberation. Senator Owen defended the procedure, and denounced the Hetch Hetchy debate.  
MAY CAPTURE BANDITS.  
(By Associated Press.)  
PLUM COULEE, Dec. 4.—That bank bandits may be captured is ex-pected before nightfall who are hid-ing near Morris, Man.

WEST END SENDS OUT MORE BULLION

The West End sent out this morning the usual shipment of bullion that goes out three times a month. This lot em-braced 27,728 ounces, valued at approximately \$21,350. The West End has decided to add ten stamps to the old mill, with other appurtenances that will raise the output of the mill to double the present capacity.

BANDIT'S ESCAPE IS ALMOST A CERTAINTY

By Associated Press.  
BINGHAM, Utah, Dec. 4.—The conviction is growing that Lopez, the six-times murderer and outlaw, has escaped from the mine where he had been bottled up for the last three days. No one dares enter the mine to verify the report, but amending will be continued for another day.

HEAVY SNOWFALL ALONG THE ROCKY MOUNTAINS

By Associated Press.  
DENVER, Colo., Dec. 4.—A heavy snow fell over the east-ern slope of the Rocky moun-tain region and this city was covered ten inches deep this morning. This is the first heavy fall of the winter and is welcomed by the farmers, who have been fearful of a dry winter.

ALSACE RISES UP AGAINST MILITARY RULE

GERMAN EMPEROR CALLS OFF HIS DOGS OF WAR FROM INTERFERING.  
(By Associated Press.)  
BERLIN, Dec. 4.—The strike of military and civil authorities of Zabern, Alsace, precipitated over-night an acute German political crisis. A vote of "non-confidence" in the government, following the at-titude regarding the trouble, adopted by the imperial parliament by 293 to 54, the emperor summoned this morn-ing the governor general of Alsace-Lorraine, Count Charles von Wedel, and his commanding general, Lieuten-ant General Berthold Vondelsheim, for an immediate conference at Donaueschingen.

ARTHUR KNAPP KILLED IN GILA BEND, ARIZ.

Arthur Knapp, until recently em-ployed at Copper Flat as a railroad fireman, was run over by the cars and killed this morning at Gila Bend, Ariz. No particulars of the accident were given in the dispatch. Knapp left Ely Saturday morning, intending to seek employment in Ari-sona, and not to return to Ely. He was a member of White Pine acerie, F. O. E., which will wire instructions for his funeral.

SECRETARY WILSON USING HIS GOOD OFFICES IN COLO-RADO CIVIL WAR.

(By Associated Press.)  
DENVER, Dec. 4.—Secretary of La-bor Wilson has conferred with repre-sentatives of coal operators in efforts to arrange a meeting with strikers. Governor Ammons was present. The sum of \$52,000 was paid national guardsmen for 20 days in the strike zone.

INDIANAPOLIS, Ind., Dec. 5.—The Drivers' union strike is virtually over and a tentative agreement has been signed. Conditions are almost nor-mal.

WILSON'S COLD BETTER.

(By Associated Press.)  
WASHINGTON, Dec. 4.—President Wilson's cold is better, but he is con-fined to bed. Engagements for to-morrow are cancelled.  
RENO LICENSE REFUSED.  
The county commissioners of Washoe county have revoked the li-cense held for the Masters saloon, just outside the Reno city limits.
